

CASHBACK and RESTART-BONUS campaign period extended

Offenburg – The support campaigns of HOBART GmbH enter the second round: The Offenburg-based warewashing equipment manufacturer extends its CASHBACK campaign for end customers and the RESTART-BONUS campaign for trade partners until the end of January. To support the catering trade during the corona pandemic, HOBART has been offering a bonus since the end of May, payable on purchase of a new machine from the warewashing, cooking, or food preparation sector. The special offer is limited to certain countries.

The promotion programme, which promises restaurateurs and specialist dealers a bonus of up to 1,200 euros, is valid for glass washers, dishwashers and hood-type dishwashers as well as the innovative TWO-LEVEL-WASHER. The entry-level models of the brand ecomax by HOBART are covered as well. From the product ranges cooking and food preparation, mixers, combi steamers and high pressure steam cookers etc. are included.

And here's how it works

After purchasing a dishwasher from the product portfolio of the promotional models from an authorised HOBART dealer the buyer just has to ask for the HOBART CASHBACK bonus. The promotion offer is not valid for used machines. Machines that were purchased via special price agreements are excluded from the promotion.

The world market leader for commercial warewashing also supports the sales partners with a bonus. All they have to do is to enter the promotion code when placing the order. Delivery must take place at the latest six weeks after the order was placed.
